Primary PTA meets

The Appomattox Primary PTA met March 17 at the school.

Mrs. Winnie Agee reported from the committee that was appointed to study ways of using the PTA's money to the best advantage. The committee recommended using $1500.00 for playground improvements and $200.00 to the cultural arts committee. Arts Day is May 17, 1983. Field Day is scheduled for May 23, 1983. Anyone interested in helping with field day please contact Mrs. Jan Jennings.

A motion was made and carried that the PTA draft a resolution opposing Appomattox County being considered as a dumping ground for radio active waste and send it to Governor Charles Robb. It was also decided to send a resolution to the county school board to upgrade the county library.

The PTA voted to serve breakfast on Railroad Day at the school as a money-making project.

Mrs. Linda Shirey reported the nominating committee's recommendations for the coming year. The new officers voted in are as follows: President, Jim Sefter; Vice President, Charlene Lawson; Secretary, Virginia Tweedy; Treasurer, Ruby Inge; Reporter, Annette Williams.

Principal Pat Torrence announced that there will be a workshop on Student Achievement Levels lead by Dr. Jack R. Frymier at the Holiday Inn, South, Lynchburg, VA on April 6, 1983. The PTA will be sending two members to this workshop. Anyone interested in volunteering should contact Mrs. Torrence. Mrs. Torrence also stated that the renovations to the school are almost completed and invited the parents to visit the classrooms.

Following the business session, Mrs. Twanna Lee introduced guest speaker, Dr. Evelyn P. Bickham, professor from Lynchburg College. Mrs. Bickham's topic was "Operation-Thinking Skills." She asked the question "What is Thinking?" and said that it is a process, sequence of ideas from beginning to conclusion and that it is a skill.

Children need to be thinkers and we need to give them the opportunity to think. We have heard of the three "R's" of education, Reading, Riting and Rithmetic, but there is a fourth that should be added to these, Reasoning. Several ways we can encourage our children to think is to read to them and encourage them to read. Another way is to take your children places and explain things to them. You should also select the television programs your children watch and discuss it with them. Introducing a new word each day and responding to your children's questions and encouraging them to ask questions will also get them to think. Following Dr. Bickham's presentation the meeting was adjourned.
